

Housing Advocacy Training!

Join CNHED and Housing for All for a 5-week training course!

Gain skills to be a powerful voice for affordable housing with our training course for new advocates.

The Coalition for Nonprofit Housing And Economic Development is committed to the idea that all District residents deserve decent, quality housing at a price they can afford and call on District officials to invest in the programs that meet that need. We have launched the Continuum of Housing Campaign to work toward that goal and to win Housing for All.
